Chas. Comstock returned Saturday from a trip to Van Buren and White counties, where he spent most of last week in the interests of the Van Buren Coal and Lumber Company and the Ransom-Benedict Company. The latter company is carrying on extensive lumber operations in the vicinity of Caney Fork gulf, on the lands owned by the former Company.

A camping party consisting of Mr. and Mrs. Otto Dunbar, Misses Maud Dunbar, Emily Fowler, Mr. and Mrs. R. R. Dunbar, and Waldo Dunbar, Max Rose and Beecher Warner left Monday for a weeks camping on Birds Creek near the R. R. Dunbar farm. They expect to enjoy the week with swimming, fishing and tennis.

Saturday morning Morris Bishop left for Knoxville to take a position as a linotype operator with the Newman Publishing Co. The editor feels some pride in his youngest son as he gives promise of accomplishing something in the world. Before he was sixteen years of age we sent him to New Orleans to take training in a linotype school. He completed the course in six weeks while numerous grown men had been there twice as long and still felt they were not competent to handle that line of work. The boy came home and set up our linotype machine and began operating it like an old hand. He has recently instructed G. F. Brookhart to operate the machine and Mr. Brookhart is now filling his place with the Chronicle. This resulted in Mr. and Mrs. G. F. Brookhart moving to town and taking up their residence with the editor and wife, for us another pleasant occurrence.

Quite often it happens that the people in Crossville have friends visiting them of which the newspaper man never learns because he is neither a mind reader nor is he informed of their presence. It is a small task to notify the newspaper either by phone or through the postoffice and such things are gladly received by the paper and at the same time you are showing your guest a courtesy that is due them. It is almost universally done in other towns and we trust our people will bear in mind that we very much desire such items. Not only such but anything like picnics, camping parties or visits to distant parts of the county or towns by you or any member of your family. Please tell us about your movements.

"Uncle Az" Dorton was over from Crab Orchard Saturday visiting Judge J. W. Dorton and wife. "Uncle Az" is in his 83rd year and looks to be ten to fifteen years younger. A few years ago his vision became so impaired that he could read with great difficulty. This has been a source of much regret to him as he was a great reader. He belongs to the old school citizens whose highest aim is to live honestly, justly and righteously before the world at all times and discharge every civic and moral duty. "Uncle Az" is highly esteemed by all who know him.

TO TEACHERS.

By direction of the States Superintendent of Public Instruction there will be a special examination held at the court house in Crossville, Friday and Saturday, August 12 and 13. All persons expecting to teach and who do not now hold certificates will be required to take this examination. Teachers who are teaching without certificates will dismiss their schools so as to be here on Friday the 12th. No temporary certificates will be issued to any one if enough pass this examination to fill the schools.

A good position as soon as you graduate from Edmondson School of Business, Volunteer Bldg., Chattanooga. Aug. 29 to Sept. 6, enrollment week for new term. Write for information. at.

Miss Mary Post, daughter of Mrs. Mattie Post, Grandview, was elected as one of the teachers in our county high school, but when she was informed of her election she notified them that she had accepted a position that pays her \$1,500 a year, which is considerable more than this pays. Miss Post is a very bright and capable young lady and it was a source of much regret to the school board that they failed to secure her services.

City Attorney Geo. P. Burnet has been instructed by the Board of Mayor and Aldermen to draft an ordinance looking to the parking of cars in the middle of Main street instead of at the curb as now. This method is followed in many cities and gives much more freedom of access to the stores and sidewalks by those who are driving cars.
